Fair Trade means the producers have been paid a price that ensures sustainable production and living conditions, along with a premium to support the growth and of the cooperatives and their communities.

Advancement Fair Trade Certified™ products come from cooperatives, independent small farmers, and farm workers in 70 developing countries across Africa, Asia, Oceania, Latin America and the Caribbean. Nearly 12,000 products bearing the black and green Fair

Trade Certified label are sourced from these farming communities, and can be found in more than 100,000 retail locations across North America. <http://fairtradeusa.org/>

Taste Nirvana built their plant around an environmentally-conscious mantra. Taste Nirvana's beverage plant is solely fueled by steam which is driven by a fast growing "farmed" tree. These trees are cut for fuel only at 10 years old, giving the trees enough time to help absorb the planet's carbon footprint.

Bruce Cost
Ginger Ale
Unfiltered

Bruce Cost Ginger Ale is delicious, sparkling and rich with whole ginger (long enjoyed for digestive comfort.) Unique among ginger ales, it's made with only fresh ginger and pure cane sugar. Whether we add whole leaf jasmine tea or the finest passion fruit pulp, all flavors start with this deliciously simple formula. Unfiltered, with tiny ginger particles, and shaken slightly before pouring it even provides iron, calcium and a little vitamin A and C.

8.45 oz. Glass Bottle:

Kimino Yuzu # 70190

MADE WITH THREE SIMPLE INGREDIENTS:
SPARKLING WATER
WHOLE-PRESSED YUZU
HINT OF ORGANIC CANE SUGAR

Our Kimino Yuzu is our first drink in our goal to bring more healthier and seasonal Japanese flavors to you.

Used for centuries in Japan, Yuzu is a distinctly sour and aromatic citrus fruit very high in vitamin C and polyphenols. The taste is best described as a blend between a lime and a grapefruit.

We use the whole fruit when we extract the juice, capturing the intense fragrance of the zest and the purest flavor profile of the Yuzu fruit that's why you'll find natural Yuzu zest on top of our bottles. It's a sign of our quality and authenticity.

A Tradition of Passion & Excellence

A LEGACY OF EXCELLENCE

Since 1983 Harney & Sons has been the source for fine teas. We travel the globe to find the best teas and accept only the exceptional. We put our years of experience to work to create blends beyond compare. Packing takes place at our Millerton location, so you are assured only the freshest teas. Never straying from our heritage and classic feel, we strive to stay ahead through new lines and innovative packaging. We have decades of food service experience, which we use to help drive your tea sales. Our focus is on your Total Tea Program: managing it from tea garden to tea cup.

Harney & Sons Tea Company sells fine teas at a price that makes tea an everyday luxury. Our tea is sipped 'round the world in homes, hotels, restaurants, cafes and on cruise ships. The process of shipping tea from the world's tea gardens to Harney & Sons' production facility for blending, bagging and packing, then on to the world's teacups, impacts our increasingly fragile environment. What could we do to give back to the environment that grows the tea of the world? In 2006, Michael and Paul Harney decided membership in 1% For The Planet would provide Harney & Sons with the opportunity to drive positive environmental change in our geographical region. Our production facility is located in Upstate New York surrounded by the beautiful mountains that make up the Berkshire Range. We are minutes from the Appalachian Trail. Our facility is located between the Hudson River to our west and the Housatonic River to our east. Joining 1% FTP meant we could directly donate one percent of our total sales to the environment. The Harney family and staff are very proud to be part of this fine global organization working toward protection of the environment 1% at a time. We support the following 1% FTP non-profits, particularly Appalachian Trail Conservancy. As of this year Harney & Sons (with your help) will have donated nearly 3.5 million dollars to 1% for the Planet.

**FOR THE
PLANET**

MEMBER

Through 1% for the Planet, we support the following non-profits:

- Scenic Hudson
- CT Farmland Trust
- Housatonic Valley Association
- Appalachian Trail Conservancy
- Clean Air- Cool Planet
- Pacific Forest Trust
- Ocean Conservancy
- Nature Conservancy
- Engineering for the Earth
- Central Park Conservancy
- Conservation International

We also pay annual membership dues to 1% FTP to help this exemplary organization defray its overhead costs. We encourage our business associates to visit their website: www.onepercent-fortheplanet.org or e-mail: info@onepercentfortheplanet.org for more information.
