

ivéTA[®]

Ivéta packages up the finest ingredients so you don't have to.
Bake fresh homemade pastries with ease in your own
cafe, hotel, or restaurant.

For more than 25 years we have produced award-winning, great tasting baking mixes. Our baking mixes, particularly our scones, are light and moist, not dense.

They are quick and easy to prepare, just add one cup of heavy whipping cream, mix and it's ready to bake.

Three glass jars are arranged horizontally on a striped cloth. The left jar contains dark jam with a spoon. The middle jar contains yellow curds with a spoon. The right jar contains white clotted cream with a spoon.

JAMS, CURDS & CLOTTED CREAM

No scone experience is complete without it's partner.

We offer artisanal jams, curds and clotted cream. You can't go wrong with flavors like key lime, apricot, ginger pear and of course traditional strawberry
